Dear Fellow Mississippians:

I am pleased to present the Mississippi Department of Corrections (MDOC) 2012 Annual Report. This report represents the scope and depth of this agency and its staff during Fiscal Year July 1, 2011 through June 30, 2012. It also provides an in-depth profile of the state's felony population and MDOC's tradition of prudent accountability and excellence in public service to the citizens of Mississippi.

I am proud of our many accomplishments during Fiscal Year 2012, and am pleased to share a summary with you.

- Offenders in the Community Work Centers contributed \$17,772,600 in free labor to local, county, state and non-profit charitable organizations throughout the state during Fiscal Year 2012. Also, offenders in the Joint County-State Work Programs contributed \$13,692,640 in free labor to local, county, state and non-profit charitable organizations during Fiscal Year 2012.
- During Fiscal Year 2012, educational programs offered to inmates resulted in 5,232 inmates successfully completing the following programs: General Education Development (GED) – 651, Vocational Trades – 930 and Alcohol & Drug – 3,651.
- The Mississippi Department of Corrections has reduced the recidivism rate from 30.31% to 27.65% in the last five years. This reduction has created an estimated annual cost avoidance of \$8,562,126 for the agency.
- The Intensive Supervision Program (ISP) or house arrest has resulted in an estimated total cost avoidance of \$64,028,592 from fiscal years 2000-2012.
- Since its inception in 2004 under Section 47-7-4 of state law, the Conditional Medical Release Program has resulted in an estimated total cost avoidance of at least \$6,137,203.
- MDOC has saved over \$19,100,000 from January 2009 through June 2012 as a result of the Division of Medicaid paying for services provided to Medicaid eligible inmates. MDOC reimburses Medicaid at the state match portion of the provider statement.
- MDOC has a self-insured Workers Compensation Program that yields an average cost savings of over \$400,000 each year. The program began on January 1, 2005.
- MDOC has saved approximately \$1,900,000 in field officers' salaries each year by requiring offenders to pay supervision fees via electronic methods. In June 2009, MDOC eliminated field officers' duty of collecting fees from supervised offenders. This duty required 12% of officers' time.

- Since November 2000, MDOC has provided services to victims. The primary function of the Division of Victims Services (DVS) is to register crime victims requesting notification prior to an inmate's release. At the end of June, 5,562 victims were registered with the program. The services include:
  - Offender status
  - Crisis intervention
  - Information regarding the Crime Victim Compensation Program and Crime Victims' Rights
  - Liaison with law enforcement agencies and field officers
  - Restitution matters
  - Protective orders
  - Addressing harassment by offenders
  - Support and assistance during victim/offender dialogue
  - Meetings with the Parole Board
  - Preparation/Escort services during executions
- Mississippi's Statewide Automated Victim Information Notification Service (MS SAVIN) is a vital tool for information providing added safety not only for individual victims, but also to the community as a whole. SAVIN is designed to provide registered victims/survivors real time information on state inmates and offenders housed in participating county jails. Registered users have access to timely information on offenders 24 hours a day by calling an 800 number and by accessing the Vinelinks internet website. At the end of Fiscal Year 2012, 80 counties were participating in SAVIN with an additional county soon to follow, bringing the total to 81 counties. SAVIN also implemented four additional services: CHOICE, Data Bridge, SMS, and Registration Link.

With continued commitment to fiscal responsibility, I look forward to the challenges we face together in the coming year.

It is an honor to serve as your Commissioner.

Sincerely,

Christopher B. Epps  
Commissioner

# COMMUNITY CORRECTIONS DIVISION

## COMMUNITY CORRECTIONS

### Programs

The Division of Community Corrections is charged with the supervision of offenders that are under the jurisdiction of the state. The division conducts field supervision of offenders and oversees a variety of programs that afford offenders an opportunity to re-assimilate into the community. This Division is led by Deputy Commissioner Jerry Williams.

#### **Field Services**

The Field Services component of the Division of Community Corrections is responsible for the supervision of offenders released on parole, intensive supervision (ISP), earned release supervision (ERS), medical release and those sentenced by the court to probation or ISP.

#### **F.R.E.E. (Facing Reality Educationally and Emotionally)**

The MDOC Division of Community Corrections has thirteen F.R.E.E. program coordinators located statewide that assist field officers in monitoring offender's treatment needs for substance abuse. In addition, program coordinators teach a structured life skills curriculum twice a month to assist offenders in other areas of their life that have been affected by their substance abuse problems.

#### **Interstate Compact**

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the compact agreement, the Mississippi Department of Corrections (MDOC) provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders residing in other states.

#### **Pre-Trial Diversion**

The Pre-Trial Diversion program is an alternative to felony conviction in which a defendant voluntarily submits to supervision ranging from six months to three years. Charges against the offender may be dismissed if the period of supervision is successfully completed.

#### **Intensive Supervision Program**

The Intensive Supervision Program (ISP) is designed to provide a level of supervision in a community setting to offenders who would otherwise be incarcerated. Offenders are required to wear electronic monitoring equipment and are limited in most cases to employment, treatment, and worship services activities. Each offender in ISP maintains inmate status and can be immediately placed in an MDOC facility upon violation of the program.

#### **Drug Testing**

Community Corrections field officers are responsible for routine and reasonable suspicion drug testing of offenders and random drug testing of 15% of the offender population each month.

### Programs

#### **Restitution Centers**

There are four Restitution Centers in Mississippi that assist residents in obtaining employment as a condition of their probationary sentence. Money earned by residents is distributed to crime victims for restitution, courts for court costs and fines, and MDOC for room and board. The remainder of the resident's wages, after taxes, goes to the resident's family or to the resident's holding account. Upon completion of the program, residents are transferred to a field officer and remain under supervision for the remainder of their probationary sentence.

#### **Community Work Centers**

The MDOC Community Corrections Division oversees 17 Community Work Centers throughout Mississippi. Minimum security inmates are assigned to these centers and are provided a gradual, re-introduction into community life. The program includes alcohol and drug counseling, Adult Basic Education and GED preparation, literacy classes and religious programs.

Each Community Work Center houses approximately 102 inmates that perform a wide range of labor at no cost to city, county and state government agencies and to school districts. This work ranges from community beautification projects to bridge and road work repair, vehicle maintenance, and water, sewer, and sanitation details.

#### **Inmate Labor**

The offenders that serve their sentences in Community Work Centers provide free labor to municipalities, counties and other state agencies. A sample of the work they perform includes highway beautification, facility maintenance, road work, and equipment maintenance. In FY 2012, the offenders in the community work centers provided entities with 2,451,393 total inmate hours, valued at minimum wage to equal \$17,772,600 in free labor. For the same 12 months the residents in the restitution centers provided entities with 24,622 total resident community service work hours valued at minimum wage to equal approximately \$178,510 in free labor.

### Mississippi Prison Agriculture Enterprises

One mission of the farm program is to decrease inmate idleness and to cut budget costs for the taxpayer. During FY 2012, inmates worked 600,000 hours in the agriculture program.

For the crop year 2012, Agriculture Enterprises planted approximately 1,313 acres of vegetables, 100 acres of rice, 498 acres of corn, 566 acres of wheat and 3,245 acres of soybeans.

The poultry facility is in full production with a 36,000-layer capacity. A total of 476,804 dozen eggs were delivered to MDOC food services with a non-cash value of \$483,331 in FY 2012.

The inventory of commodities carried over from FY 2012 had a value of \$222,105. This figure includes feed mill inventory, seed, fertilizer, and chemicals not expended during FY 2012.

Non-cash sales for FY 2012, vegetables and egg sales were \$1,836,344. The total pounds of vegetable non-cash sales for FY 2012 was 2,873,143. Egg sales consist of 476,804 dozen.

Vegetable value is based on the USDA Atlanta Market Report. All processed vegetables and eggs were provided to the MDOC Food Service Department. MPAE sold vegetables to employees to generate cash dollars of \$4,536.00.

On June 30, 2012, the Agricultural Enterprises Special Fund had a balance of \$529,177.71. Cash income received for Agricultural Enterprises, including deposits in transit, totaled \$2,570,913.34.

MPAE completed construction of the feed mill during FY 2002 year. The three 42,000 bushels grain bins are used for on-farm storage of corn grown by MPAE and is utilized by the feed mill. This is a cost savings on outside storage and trucking fees. The total cost of the feed mill was \$864,394.81. During FY 2012, the feed mill produced 9 different feed rations for chicken consumption. They produced 2,190 tons at a price to livestock of \$566,564.29.

The work staff includes 16 positions. At the present time 14 positions are filled and MPAE has four (4) contract employees.

### Treatment Programs Alcohol and Drug

**Mission Statement:** The mission of the Alcohol and Drug (A&D) Program is to provide treatment and rehabilitation services to offenders who have a history of substance abuse problems or who commit alcohol and drug related crimes. The goal is to correct the offender's attitude and behavior that supports criminal thinking.

#### Mississippi State Penitentiary

**Unit 30 A-B:** The Alcohol and Drug Therapeutic Community Treatment Centers (ADTC-TC) at Unit 30 total 432 therapeutic community treatment beds. Unit 30 consists of two housing buildings (Buildings A and B), with two housing zones in each of the two buildings (Zones A & B). Each housing zone accommodates 108 offenders. Adjacent to each housing building is clinical staff office space. Group rooms and classrooms are in the Unit 30 compound.

The Therapeutic Community Program is a long-term program only. Offenders must have at least six to thirty months remaining on their sentence to enter the program.

**Unit 31:** This is a traditional 12-Week A&D Program based on the principles of Alcoholics Anonymous offered at Unit 31 for special needs (disability) offenders.

#### Central Mississippi Correctional Facility

This is a 12-week traditional Alcohol and Drug Treatment in operation for female offenders at the Central Mississippi Correctional Facility (CMCF). A long-term program (6 months to 12 months) is also available at CMCF for female offenders. In addition, a 12-week Treatment Program is also available at CMCF for special needs (disability) male offenders.

#### South Mississippi Correctional Institution

A traditional Alcohol and Drug Treatment Program was started in June 2000 at the South Mississippi Correctional Institution (SMCI), Leakesville, Mississippi, for general population offenders. This program is 12 weeks in duration. It was started primarily for Judicial Review cases that do not have six months remaining on their sentences upon entry to the Central Mississippi Correctional Facility (CMCF), Pearl, Mississippi, the point of entry for inmates into the Mississippi Prison System.

This program also serves parole and ISP offenders.

In addition, SMCI provides an Alcohol and Drug component in the Regimented Inmate Discipline (RID) Program. In September 2005, a long-term (6 months) program was started for general population offenders. In July 2006, a short-term (12 weeks) A&D program was implemented for CWC returnees. The CWC program has been changed to 4 weeks in duration.
